

PARTNERSHIP RESOURCE

ORYA Dealer & Partnership Information

We are building a practical network across sustainable products, responsible sourcing and market access. Partnership is evaluated by segment, geography, capability and commercial fit.

SUSTAINABLE PACKAGING	NATURAL & TRADITIONAL FOOD	SUSTAINABLE HYDRATION	AGRO-WASTE PRODUCTS
-----------------------	----------------------------	-----------------------	---------------------

Partnership opportunities

 Sustainable Packaging Distribution, dealership, retail, HORECA, institutional and sourcing opportunities.	 Natural & Traditional Food Retail, distribution, private-label, institutional and export-oriented opportunities.
 Sustainable Hydration Institutional, retail, HORECA and service-model opportunities around responsible hydration.	 Agro-Waste Products Sourcing, manufacturing, distribution and innovation opportunities around residue-derived products.

Partnership types

- Distributor
- Dealer
- Retailer
- Business Partner / Strategic Partner
- Supplier / Manufacturer
- HORECA / Institutional Buyer
- Export Partner

What we look for

- Relevant customer access, market knowledge or technical capability.
- Professional communication and service orientation.
- Ability to meet agreed quality, supply and compliance requirements.
- Transparent commercial discussions and realistic volumes.

- Long-term relationship mindset.

How the process works

- Submit the Become a Partner form.
- Share your location, partnership type and business interests.
- ORYA reviews the opportunity and identifies relevant segments/products.
- Commercial terms, MOQ, territory, documentation and supply arrangements are discussed case-by-case.
- Partnership becomes effective only after mutually agreed terms and required documentation are completed.

Important

A partnership enquiry does not create an automatic dealership, distributorship, exclusivity, territory reservation or purchase commitment.
